### **IMPORTANT PARENT INFORMATION – PLEASE READ**

City of Angels School (COAS) is the independent study, K – 12, school for Los Angeles Unified School District (LAUSD). Our highly qualified, credentialed staff provides a unique, supportive, alternative educational opportunity to students. Our curriculum is California standards-based instruction and we offer A – G general education courses, except foreign language, along with many different elective classes. **Each student meets a minimum of one hour per week with his/her assigned teacher.** With the approval of his/her teacher, a student has the opportunity to concurrently enroll in community college. City of Angels High School (grades 9 – 12) has been granted “Candidacy” by the Western Association of Schools (WASC). This means that student’s coursework is acceptable for credit within the University of California and California State Schools.

In order for each student to be successful in City of Angels, we have established some guidelines:

- Completion of ESL 4 in English Proficiency for students who are classified as English Learners
- **We cannot accept any student with an IEP stating they are SDC or RSP since City of Angels does not have SDC and RSP classes.**
- All City of Angels students must be motivated to work independently
- **All students are required to complete at least thirty hours of school work per week to remain “on target” to finish the required number of classes for promotion to the next level. Since we are a voluntary educational option, if a student does not complete enough schoolwork and/or does not come to appointments, he/she may be sent back to his/her school of residence.**

#### **Application Procedures and required documentation:**

- Completed, signed and dated LAUSD enrollment form (must be fully completed)
