

# “Safety Drop Off Program” Car Route and Procedures

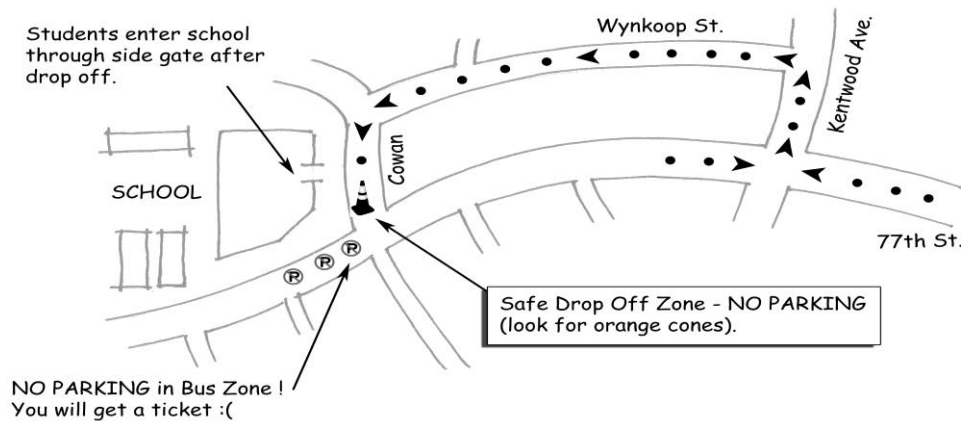

REVIEW CAREFULLY

(Please know that, if you have time, you are encouraged to park and walk your child on to campus.)

## “Safety Route” See map below:

1. 77<sup>th</sup> Street to Kentwood Avenue, North
2. Kentwood Avenue North to Wynkoop Street, West
3. Wynkoop Street, West to Cowan Avenue, South.

Note: This program is staffed by trained parent volunteers wearing orange vests and identification cards

## Safety Drop Off Do's and Don'ts

DO 😊	DON'T ☹️
Come to a <b>complete</b> stop in front of the safety drop off zone	Speed up when entering the safety zone
Have your child's backpack ready <b>before</b> entering the safety drop off zone	Exit your vehicle to assist your child with his or her backpack... The volunteer is there to help you and your child
Follow the assigned route	Make U-turns in the safety zone
Wait in the car line patiently while the volunteer ushers you in and opens your car door	Rush ahead, cut other drivers off or drive on the opposite side of the street to try to get ahead... <i>Remember this program is for our children's safety 😊</i>
Enter into the safety zone <u>only</u> if you're planning to use the assistance of the volunteers	Come into the safety zone, park, or impede other drivers who are using the program
Make eye contact with the volunteer and <b>let them open your passenger side door</b>	Allow your child to open the door themselves without the assistance of a volunteer
