All CalSTRS members are encouraged to attend a pre-retirement workshop at least three times during their career in order to plan for retirement security: early in their career; just prior to age 50; and one year prior to retirement.

The District and CalSTRS will co-sponsor the following pre-retirement workshops during the 2008-2009 school year. Information will be provided regarding the calculation of retirement allowance, available options, required forms, and District requirements necessary to establish certain benefits upon retirement. Time will be provided at the end of each workshop presentation for questions and answers. The workshops are individual meetings (not a series) and, although reservations are not required, space may be limited at certain locations. In addition to posting this memorandum, principals and supervisors are requested to make copies available to interested employees. All workshops will be held from 4:00 to 5:30 p.m.
