SUBJECT: 2008-09 PROGRAM IMPROVEMENT (PI) SCHOOLS

Attached is the board informative with the Program Improvement Status for 2008-09 that will be released Thursday morning at 10:30 a.m. While many of our schools experienced growth in the percentage of students scoring proficient and advanced, the federal bar was raised this year and will be increased in each subsequent year until 100% is reached in 2014.

- Despite the increase in the NCLB targets, eight schools made AYP for two consecutive years and will exit PI. These schools are to be commended for their progress:
 - Boyle Heights HS
 - Kittridge EL
 - Liberty Blvd EL
 - Lull Special Education Center
 - Plummer EL
 - Polytechnic (Francis) SH
 - Primary Academy for Success
 - Sierra Park EL
- District-wide, 317 Title I schools are identified for PI for the 2008-09 school year. Of those, 33 schools are new to PI this year, and 284 are continuing.
- Twenty four schools made 2008 AYP targets and will maintain the same PI status. These schools will be eligible to exit PI in 2009-10 if the school meets all AYP indicators.

The NCLB annual measurable objectives will continue to be a challenge for all our schools over the next few years. We must persist in providing the best instruction for our students and encourage our students to be college prepared and career ready. Working together, we can continue to improve student outcomes.

SUBJECT: 2008-09 TITLE I PROGRAM IMPROVEMENT (PI) STATUS REPORT

The information contained in this informative is embargoed until Thursday, September 4, 2008, 10:30 a.m. when the California Department of Education (CDE) releases the 2008 Accountability Progress Report on their website at <http://www.cde.ca.gov/apr/>.

With the release of the 2008 Accountability Progress Report which includes the Academic Performance Index (API) and Adequate Yearly Progress (AYP), the CDE also released the preliminary Program Improvement (PI) status for the District and for the District's Title I schools for the 2008-09 school year.

The CDE evaluates districts and schools annually to determine their AYP status. Title I funded districts and schools that do not make AYP for two consecutive years are identified for Program Improvement (PI), as required under the federal No Child Left Behind (NCLB) Act. Attachment A provides the timeline for PI school requirements.

The LAUSD did not make the 2008 AYP due to several subgroups not meeting the Percent Proficient indicator in both English language arts and mathematics. As a result, the District will remain as a PI Year 3 district.

A review of the preliminary PI status of the District Title I schools for the 2008-09 school year include the following findings:

- Eight (8) schools made AYP for two consecutive years and will exit PI (see Table 1 below).
- Three hundred seventeen (317) Title I schools are identified for PI (see Table 2 below for summary and Attachment B for a list of schools).
- Thirty-three (33) of the 317 schools are new to PI and 284 schools are continuing in PI status.
- Twenty-four (24) of the 284 schools made 2008 AYP and will maintain the same PI status (see Table 3 below).

Schools Exiting PI Status

Table 1 displays the eight schools that made AYP for two consecutive years and have exited PI.

2008-09 PI Schools

Table 2 summarizes the number of schools in each PI Year by school type for the 2008-09 school year based on the preliminary AYP data. Attachment B provides a list of the 317 schools.

Year 4	18	1	1	2	0		22
Year 5	49	54	25		4		132
Totals	184	71	45	8	7	2	317

It is important to note that the current PI status may change as a result of the AYP appeal process in September and demographic data corrections in October. The CDE will issue a revised AYP and PI report in October 2008 and a final AYP and PI report in February 2009. We will provide updated PI status information as soon as these reports are available.

Schools Making 2008 AYP and Holding Prior Year PI Status

Table 3 lists the twenty-four (24) PI schools that made 2008 AYP and will maintain the same PI status. These schools will be eligible to exit PI in 2009-10 if the school meets all AYP indicators.
