

Yearbook Business Yearbook Business Advertisement Order Form

Northridge Academy High School takes pride in its yearbook as an outstanding opportunity to create community with local businesses. This year is the first year we will offer advertising, and we will produce an outstanding yearbook that will make your organization proud to be a part of this success.

Selling display advertising allows our yearbook staff to keep the individual cost of each yearbook as low as possible for our students. The staff prides itself in offering inexpensive color advertising rates for the San Fernando Valley. Any yearbook member who sells one thousand dollars or more will receive a free yearbook.

Our staff will take your ideas and materials with your instructions to make an appealing display for your company. We can use photos, artwork, and/or print to highlight what you want others to know about your company. We prefer camera-ready artwork.

If you were wondering how to purchase an ad for your company and weren't sure how, just make a copy of the order form below, fill it out, and send any artwork and payment to the address below.

Yes I would like for my business to be a part of the Northridge Academy High School Yearbook!
