

KNOLLWOOD ELEMENTARY

REMINDER

Drivers, you are to drive around the perimeter of the school, coming around from Gerald to Midwood and ending up turning right on Monogram—on the school side of the street. **Do not turn right on Monogram from Barneston—you will end up on the wrong side of the street!!!!** The children should be in the back seat with their backpacks ready to get out of the car when the volunteer opens the door. No last minute note writing, getting hair done, stopping and opening the trunk etc.

As you exit the Valet Lane - watch for cars coming down the hill!!!

Do not park on the other side of the street and have you kids run across the street!! It is not safe!!! If you need to come on campus, be sure to park legally on Barneston and walk in the front gate.

Never, ever make a U turn on Monogram!!!! There is too much traffic coming down the hill and our valet lane makes it very dangerous. If you come around the school there will not be a need to make a U turn.
